SECTION 1. INTRODUCTION AND BACKGROUND

This Monthly Status Report (MSR) is submitted in accordance with Performance Work Statement (PWS) Sections 5.4 and 6.1.1(e), Contract M0026426R0001, Sergeant Merlin German Wounded Warrior Outreach and Resource Support Services. The reporting period is 01-31 October 2027. This report covers Option Period One, Month 8.

The contractor supports the WWR Recovery Care Program through the Wounded Warrior Call Center (WWCC) and satellite Contact Centers at MCB Camp Lejeune, NC and MCB Camp Pendleton, CA. Five Field Service Representatives provide geographically dispersed complex non-medical case management across the continental United States. The supported population is approximately 35,000 WII Marines, Sailors attached to Marine units, and their family members.

SECTION 2. PROGRAM MANAGEMENT (TASK 1)

2.1 Program Manager Activities

The PM was available during core hours throughout the reporting period. The Wichita FSR submitted notice of resignation effective 3 October 2027. The PM notified the CO and COR on 3 October 2027 per PWS Section 8.2. The PM coordinated immediate caseload redistribution among remaining FSRs with COR approval, initiated recruiting and credentialing processes, and provided weekly vacancy status updates to the COR. A replacement candidate was identified by 20 October 2027 and credentialing/onboarding is in progress.

2.2 Deliverables Status

Deliverable	Due Date	Submitted	Status
Monthly Status Report	10 November 2027	10 November 2027	On Time
Monthly Demographics Report	10 November 2027	10 November 2027	On Time

SECTION 3. CALL CENTER SUPPORT (TASK 2)

3.1 Contact Volume and Channel Distribution

The WWCC operated 0800-2000 ET throughout the reporting period. No system outages occurred. The backup phone system was tested and confirmed operational. Contact volume and channel distribution for the reporting period are presented below.

Channel	Count	Pct.	Notes
Outbound telephone calls	989	49.3%	Normal range
Inbound telephone calls	734	36.6%	Normal range
Email communications	182	9.1%	Normal range
Text messages	69	3.4%	Normal range

Social media engagement	33	1.6%	Facebook 24, Instagram 9
TOTAL	2007	100%	All WWCC communication channels

3.2 Call Log Accuracy

PWS Section 5.4 requires 98 percent accuracy of all call log references. During the reporting period, the contractor's Quality Control process reviewed a statistically valid random sample of 228 call log entries. Results are presented below.

Metric	Threshold	Actual
Call logs sampled	N/A	228
Entries without errors	N/A	226
Entries with substantive errors	N/A	2
Call log accuracy rate	98.0%	98.7%

3.3 Outreach Compliance by Injury Classification

PWS Section 5.1 specifies outreach frequency requirements by injury classification category. The Acceptable Quality Level (AQL) is 98 percent. Table 3-3 summarizes compliance for the reporting period. Contact is defined as actual communication – telephone, text, or email – with the Marine, Sailor, or family member, documented in MCWIITS.

Classification	Req. Frequency	Target	Actual	Pct.	Status
Very Seriously Injured (VSI)	Every 6 months	18	18	100%	MEETS STANDARD
Seriously Injured (SI)	Every 12 months	41	41	100%	MEETS STANDARD
