SECTION 1. INTRODUCTION AND BACKGROUND

This Monthly Status Report (MSR) is submitted in accordance with Performance Work Statement (PWS) Sections 5.4 and 6.1.1(e), Contract M0026426R0001, Sergeant Merlin German Wounded Warrior Outreach and Resource Support Services. The reporting period is 01-30 September 2027. This report covers Option Period One, Month 7.

The contractor supports the WWR Recovery Care Program through the Wounded Warrior Call Center (WWCC) and satellite Contact Centers at MCB Camp Lejeune, NC and MCB Camp Pendleton, CA. Five Field Service Representatives provide geographically dispersed complex non-medical case management across the continental United States. The supported population is approximately 35,000 WII Marines, Sailors attached to Marine units, and their family members.

SECTION 2. PROGRAM MANAGEMENT (TASK 1)

2.1 Program Manager Activities

The PM was available during core hours throughout the reporting period. On 12 September 2027, the PM identified that four contractor staff MCEN accounts had lapsed or were within 48 hours of lapsing due to a gap in the contractor's internal credential tracking. The PM immediately contacted WWR IT/S-6 and coordinated expedited account renewal for all four affected personnel, with full access restored by 14 September 2027. The PM also updated the internal credential tracking process to provide 30-day advance notifications going forward.

2.2 Deliverables Status

Deliverable	Due Date	Submitted	Status
Monthly Status Report	10 October 2027	10 October 2027	On Time
Monthly Demographics Report	10 October 2027	10 October 2027	On Time

SECTION 3. CALL CENTER SUPPORT (TASK 2)

3.1 Contact Volume and Channel Distribution

The WWCC operated 0800-2000 ET throughout the reporting period. No system outages occurred. Contact volume decreased to 1,961, partially attributable to seasonal factors and a Labor Day reduction in RSM availability (2 September 2027). The MCEN credential lapse (Section 8) resulted in a brief period of limited MCWIITS access for four staff on 12-14 September 2027; manual documentation procedures were employed during this window.

Channel	Count	Pct.	Notes
Outbound telephone calls	971	49.5%	Seasonal decrease; Labor Day

Inbound telephone calls	722	36.8%	Normal range
Email communications	177	9.0%	Normal range
Text messages	67	3.4%	Normal range
Social media engagement	24	1.2%	Facebook 18, Instagram 6
TOTAL	1961	100%	All WWCC communication channels

3.2 Call Log Accuracy

PWS Section 5.4 requires 98 percent accuracy of all call log references. During the reporting period, the contractor's Quality Control process reviewed a statistically valid random sample of 222 call log entries. Results are presented below.

Metric	Threshold	Actual
Call logs sampled	N/A	222
Entries without errors	N/A	218
Entries with substantive errors	N/A	4
Call log accuracy rate	98.0%	98.2%

Four errors are attributed to manual log entries made during the 12-14 September MCEN access lapse. All records were corrected and backfilled into MCWIITS by 15 September 2027. Accuracy rate of 98.2% remains above the 98.0% AQL.

3.3 Outreach Compliance by Injury Classification

PWS Section 5.1 specifies outreach frequency requirements by injury classification category. The Acceptable Quality Level (AQL) is 98 percent. Table 3-3 summarizes compliance for the reporting period. Contact is defined as actual communication – telephone, text, or email – with the Marine, Sailor, or family member, documented in MCWIITS.

Classification	Req. Frequency	Target	Actual	Pct.	Status
Very Seriously Injured (VSI)	Every 6 months	18	18	100%	MEETS STANDARD
Seriously Injured (SI)	Every 12 months	41	41	100%	MEETS STANDARD
Not Seriously Injured (NSI)	Needs ID'd	–	312	N/A	ACTIVE
IDES Participants	Referral + culmination	24	24	100%	MEETS STANDARD
TDRL / PDRL	Every 120 days	87	87	100%	MEETS STANDARD
Assessment – all contacts	Every contact	1,847	1,847	100%	MEETS STANDARD

3.4 Intake and Referral Activity

CCRs conducted structured assessments during every contact in accordance with PWS Section 5.2.1. Intake and referral activity for the reporting period is presented below.

Category	Count	Notes
----------	-------	-------

New intakes – CCR-level support	143	Entered in MCWIITS; outreach plan initiated
Cases transferred to NMCM	31	Non-complex case management required
Active NMCM caseload (month-end)	118	Avg 39.3 cases/NMCM
Cases closed – CCR	97	Issues resolved; returned to scheduled outreach
Cases closed – NMCM	22	All issues resolved; returned to CCR
Referrals – VA Transition Case Mgmt.	19	Coordinated via FSR or NMCM
Referrals – non-profit / community	44	Education, employment, family support
Referrals – behavioral health	12	Non-restricted report cases only
Mandatory reports filed (PWS 5.6)	0	No reportable incidents

3.5 Social Media Monitoring

The contractor monitored Facebook and Instagram during WWCC operational hours (0800-2000 ET, Monday through Friday) in accordance with PWS Section 6.2.2. All social media requests received an initial engagement response within 60 minutes.

Platform	Engagements	Avg. Response	60-Min Compliance
Facebook	18	< 12 min	100%
Instagram	6	< 8 min	100%
TOTAL	24	< 11 min	100%

SECTION 4. CONTACT CENTER SUPPORT – MCB CAMP LEJEUNE (TASK 3)

The Camp Lejeune Satellite Contact Center operated Monday through Friday, 0800-1630 ET. All calls were forwarded to the WWCC during non-operational hours per PWS Section 6.3.2. No unplanned closures occurred.

Metric	Prior Month	This Month	Notes
Total contacts handled	381	396	Inbound + outbound
IDES participants contacted	9	11	Referral/culmination contacts
New intakes opened	28	31	Entered in MCWIITS
NMCM active caseload (month-end)	37	38	Non-complex cases
Calls forwarded to WWCC after hours	0	0	Auto-forward confirmed operational
Mandatory reports filed	0	0	No reportable incidents

SECTION 5. CONTACT CENTER SUPPORT – MCB CAMP PENDLETON (TASK 4)

The Camp Pendleton Satellite Contact Center operated Monday through Friday, 0800-1630 PT. Calls were forwarded to the WWCC during non-operational hours per PWS Section 6.4.2. No unplanned closures occurred.

Metric	Prior Month	This Month	Notes
--------	-------------	------------	-------

Total contacts handled	354	367	Inbound + outbound
IDES participants contacted	7	8	Referral/culmination contacts
New intakes opened	24	27	Entered in MCWIITS
NMCM active caseload (month-end)	33	35	Non-complex cases
Calls forwarded to WWCC after hours	0	0	Auto-forward confirmed operational
Mandatory reports filed	0	0	No reportable incidents

SECTION 6. FIELD SERVICE REPRESENTATIVE ACTIVITIES (TASK 5)

Five Field Service Representatives are assigned across the continental United States to provide complex non-medical case management per PWS Section 6.5. Each FSR maintains an average caseload of 25 individuals and has rapid travel capability within a 350-mile radius of their area of responsibility per PWS Section 6.5.2.

FSR Location	Target	Active	New	Closed	Travel Days	Notes
Seattle, WA	25	26	4	3	3	Travel: VA coord. (2 cases)
Jacksonville, NC	25	24	3	4	2	Full performance
Wichita, KS	25	25	5	5	4	Training prep; 2 face-to-face
Orlando, FL	25	25	4	4	4	Employment referrals: 3 RSMs
Minneapolis, MN	25	24	3	4	3	Resume assist.; 1 VA coord.
TOTAL	125	124	19	20	16	

SECTION 7. STAFFING AND TRAINING STATUS

7.1 Staffing Status

Table 7-1 presents staffing status across all performance locations as of the last business day of the reporting period. All critical positions are filled in accordance with PWS Section 8.1. All contractor personnel maintain current CAC access and MCEN credentials. All VALs are current with the WWR Security Coordinator per PWS 10.3.

Position / Location	PWS Ref	Req	Filled	Notes
Program Manager (WWCC)	6.1.1/8.1.1	1	1	Critical – no change
CCR – WWCC	6.2.3	6	6	Full staffing maintained

SECTION 8. ISSUES, RISKS, AND CORRECTIVE ACTIONS

The following issues were identified or remain active during the reporting period. Issues marked OPEN require continued monitoring.

No.	Category	Issue	Status / Corrective Action
1	IT / Security	MCEN account lapse – 4	06052027 to PMs identified gap 1015 Sep 2027 near WWR 179-62n6epf2007immed
2	Call Log Accuracy	Your manual log errors	01085DMCENllapse reduced accuracy 08b2% filled by 15 Sep 2027

SECTION 9. PLANS FOR NEXT REPORTING PERIOD

The following activities are planned for the October 2027 reporting period:

- Submit Q1 Option Period One Quarterly Newsletter (FY2027 Q4) by 14 October 2027.
- Verify 30-day MCEN credential advance alert system functioning for all 21 staff by 31 October 2027.
- Submit October 2027 Monthly Status Report and Monthly Demographics Report by 12 November 2027.

SECTION 10. SUMMARY

September 2027 was operationally stable despite the MCEN credential lapse event, which was resolved within two business days. Call log accuracy was maintained at 98.2 percent, above the AQL. All outreach frequency goals were met. The MCEN credential tracking process has been strengthened going forward.
