13. SUPPLEMENTARY NOTES

Submitted in partial fulfillment of reporting requirements, PWS Section 5.4 and 6.1.1(e), Contract M0026426R0001. Option Period One.

14. ABSTRACT

This Monthly Status Report documents contractor performance under Contract M0026426R0001 for the period 01-31 March 2027. The report covers all performance requirements set forth in the Performance Work Statement (PWS), including call center operations (Task 2), satellite contact center support at MCB Camp Lejeune (Task 3) and MCB Camp Pendleton (Task 4), field service representative activities (Task 5), and program management (Task 1). Performance metrics, outreach statistics, staffing and training status, issues encountered, and plans for the forthcoming reporting period are presented in accordance with PWS Sections 5.4 and 6.1.1(e).

SECTION 1. INTRODUCTION AND BACKGROUND

This Monthly Status Report (MSR) is submitted in accordance with Performance Work Statement (PWS) Sections 5.4 and 6.1.1(e), Contract M0026426R0001, Sergeant Merlin German Wounded Warrior Outreach and Resource Support Services. The reporting period covered is 01 March 2027 through 31 March 2027, corresponding to the first year of Option Period One.

The contractor supports the Wounded Warrior Regiment's (WWR) Recovery Care Program (RCP) through the Wounded Warrior Call Center (WWCC) and satellite Contact Centers at MCB Camp Lejeune, NC and MCB Camp Pendleton, CA. The supported population consists of approximately 35,000 wounded, ill, and injured (WII) Marines, Sailors attached to Marine units, and their family members. Field Service Representatives (FSRs) provide geographically dispersed, complex non-medical case management support at five locations across the continental United States.

The report is organized as follows: Section 2 addresses program management activities; Sections 3 through 6 address each performance task; Section 7 covers staffing and training; Section 8 identifies issues and corrective actions; and Section 9 presents plans for the forthcoming reporting period.

SECTION 2. PROGRAM MANAGEMENT (TASK 1)

2.1 Program Manager Activities

The Program Manager (PM) remained solely dedicated to Contract M0026426R0001 throughout the reporting period and was available to WWR staff during core hours (0900–1500 ET, Monday through Friday) in accordance with PWS Section 6.1.2. No change in primary PM personnel occurred during this period.

During March 2027, the PM performed the following coordination activities:

- Participated in weekly COR check-in calls on 7, 14, 21, and 28 March 2027.
- Coordinated a temporary caseload redistribution between the Jacksonville, NC and Orlando, FL Field Service Representatives (FSRs) during a planned personnel transition (see Section 8).
- Reviewed and updated the Standard Operating Procedures (SOP) to reflect revised MCWIITS login procedures communicated by WWR IT/S-6 on 12 March 2027.
- Coordinated contractor staff participation in the monthly WWR Training and Education Plan session conducted 19 March 2027.
- Submitted all deliverables on schedule. No deliverables were late or incomplete.

2.2 Deliverables Status

Deliverable	Description	Due Date	Status
-------------	-------------	----------	--------

Monthly Status Report	Performance metrics, staffing/training	10 Apr 2027	Activity Summary
Monthly Demographics Report	Target population statistics – gender, age, and ethnicity	10 Apr 2027	Condition
SOP Update	Revised login procedures per WWR IT/S-6 guidance	12 Mar 2027	Complete

SECTION 3. CALL CENTER SUPPORT (TASK 2)

3.1 Contact Volume and Channel Distribution

The WWCC operated from 0800 to 2000 ET, Monday through Friday, throughout the reporting period. No unplanned system outages occurred. The backup phone system was tested on 3 March 2027 and confirmed operational. A total of 1,847 contacts were handled during the reporting period across all communication channels.

Channel	Count	Pct. of Total	Notes
Outbound telephone calls	914	49.5%	Scheduled outreach + reactive follow-up
Inbound telephone calls	683	37.0%	WWCC published toll-free number
Email communications	152	8.2%	Includes MCEN .mil account responses
Text messages	74	4.0%	Outreach + responses to RSM-initiated texts
Social media engagement	24	1.3%	Facebook (18) and Instagram (6)
TOTAL	1,847	100%	

Average call duration for inbound calls was 14.2 minutes; average outbound call duration was 9.8 minutes. The call management system recorded all calls without interruption. The call recording retention schedule remains compliant; recordings are maintained for the duration of the contract in accordance with PWS Section 6.2.1.

3.2 Call Log Accuracy

PWS Section 5.4 requires the contractor to maintain 98 percent accuracy of all call log references. During March 2027, the contractor's Quality Control process reviewed a statistically valid random sample of 210 call log entries from a total of 1,847 contacts. Results are presented in Table 3-2.

Metric	Threshold	Actual	Result
Call logs sampled	N/A	210	—
Entries with no errors	N/A	207	—
Entries with substantive errors	N/A	3	—
Call log accuracy rate	98.0%	98.6%	MEETS STANDARD

Errors identified consisted of minor data entry discrepancies in the MCWIITS record (e.g., transposed phone digits, incomplete resource referral notation). All three records were corrected within one business day of identification.

Corrective action included a brief refresher communicated to all CCR staff on proper MCWIITS documentation standards.

3.3 Outreach Compliance by Injury Classification

PWS Section 5.1 specifies outreach frequency requirements by injury classification category. The contractor tracks and documents outreach compliance against each classification on a rolling basis. The Acceptable Quality Level (AQL) for outreach frequency is 98 percent. Table 3-3 summarizes compliance for the reporting period.

Contact is defined as actual communication – by telephone, text, or email – with the Marine, Sailor, or family member. A minimum of three contact attempts, made at different times of day, must be documented in MCWIITS before a contact is recorded as unsuccessful. All contact attempts and outcomes are documented in MCWIITS in accordance with PWS Section 5.1.

Classification	Req. Frequency	Target	Actual	Pct.	Status
Very Seriously Injured (VSI)	Every 6 months	18	18	100.0%	MEETS STANDARD
Seriously Injured (SI)	Every 12 months	41	41	100.0%	MEETS STANDARD
Not Seriously Injured (NSI)	As needs identified	–	312	N/A	ACTIVE – ongoing
IDES Participants	At referral and at culmination	24	24	100.0%	MEETS STANDARD
TDRL / PDRL	Every 120 days	87	84	96.6%	BELOW 98% AQL
All contacts – assessment	Every contact	1,847	1,847	100.0%	MEETS STANDARD

NOTE – TDRL/PDRL (96.6%): Three contacts were not completed within the required 120-day window. In each case, the RSM's telephone number on file was disconnected. All three cases were elevated to NMCM status for contact information research via the contractor's approved contact search tool subscription (PWS 6.2.5). Updated contact information was obtained for two of three RSMs prior to report submission; outreach was completed. One case remains open and is documented in MCWIITS with a plan of action. This matter is further addressed in Section 8.

3.4 Intake and Referral Activity

CCRs conducted structured assessments during every contact in accordance with PWS Section 5.2.1. Based on these assessments, the following intake and referral activity was documented during the reporting period.

Category	Count	Notes
New intakes – CCR-level support	143	Entered into MCWIITS; CCR outreach plan initiated
Cases transferred to NMCM	31	Non-complex case management required beyond CCR scope
Active NMCM caseload (month-end)	118	Average: 39.3 cases per NMCM (3 NMCMs at WWCC)
Cases closed – CCR	97	Issues resolved; returned to scheduled outreach

Cases closed – NMCM	22	All issues resolved; returned to CCR for outreach
Referrals to VA Transition Case Mgmt.	19	Coordinated via FSR or NMCM; documented in MCWIITS
Referrals to non-profit / community resources	44	Education, employment, family/caregiver support
Referrals to behavioral health resources	12	Hotline / SARC / UVA (non-restricted report cases on
Mandatory reports filed (PWS 5.6)	0	No reportable incidents during the reporting period

NMCMs were positioned at the WWR Operations Center on a rotational basis during the reporting period. [NMCM Name] completed a four-day on-site rotation (10–13 March 2027) in accordance with PWS Section 6.2.4. No 120-day post-EAS transitions were active during this reporting period.

3.5 Social Media Monitoring

The contractor monitored Facebook and Instagram during WWCC operational hours (0800–2000 ET, Monday through Friday) throughout the reporting period in accordance with PWS Section 6.2.2. All 24 requests for assistance received via social media platforms received an initial engagement response within 60 minutes of receipt. Monitoring compliance was 100 percent.

Platform	Posts Monitored	Engagements	Avg. Response Time	60-Min Compliance
Facebook	All (M-F)	18	< 12 min.	100%
Instagram	All (M-F)	6	< 8 min.	100%
TOTAL	–	24	< 11 min.	100%

SECTION 4. CONTACT CENTER SUPPORT – MCB CAMP LEJEUNE (TASK 3)

The Camp Lejeune Satellite Contact Center operated Monday through Friday, 0800–1630 ET, throughout the reporting period. All calls were forwarded to the WWCC during non-operational hours in accordance with PWS Section 6.3.2. No unplanned facility closures occurred; the installation was not closed for weather or other reasons during March 2027.

The Camp Lejeune site lead coordinated directly with the Camp Lejeune WWR Battalion staff and provided technical oversight to the contractor support staff in accordance with PWS Section 6.3. Two CCRs and one NMCM were assigned at this location throughout the reporting period.

Metric	Feb 2027	Mar 2027	Notes
Total contacts handled	381	396	Inbound + outbound
IDES participants contacted	9	11	Referral and/or culmination contacts
New intakes opened	28	31	Entered in MCWIITS
NMCM active caseload (month-end)	37	38	Non-complex case management
Cases forwarded to WWCC after hours	0	0	Auto-forwarding system confirmed operational

Mandatory reports filed	0	0	No reportable incidents
-------------------------	---	---	-------------------------

Personnel teleworked within the local area for a combined total not exceeding 50 percent of work hours in accordance with PWS Section 14. All telework was performed within the local area of MCB Camp Lejeune and pre-approved by the COR.

SECTION 5. CONTACT CENTER SUPPORT – MCB CAMP PENDLETON (TASK 4)

The Camp Pendleton Satellite Contact Center operated Monday through Friday, 0800–1630 PT, throughout the reporting period. All calls were forwarded to the WWCC during non-operational hours in accordance with PWS Section 6.4.2. The installation was not closed for weather or other reasons during March 2027.

The Camp Pendleton site lead provided technical oversight and administration in accordance with PWS Section 6.4. Two CCRs and one NMCM were assigned at this location throughout the reporting period.

Metric	Feb 2027	Mar 2027	Notes
Total contacts handled	354	367	Inbound + outbound
IDES participants contacted	7	8	Referral and/or culmination contacts
New intakes opened	24	27	Entered in MCWIITS
NMCM active caseload (month-end)	33	35	Non-complex case management
Cases forwarded to WWCC after hours	0	0	Auto-forwarding confirmed operational
Mandatory reports filed	0	0	No reportable incidents

Personnel teleworked within the local area for a combined total not exceeding 50 percent of work hours in accordance with PWS Section 14. All telework was pre-approved by the COR and performed within the local area of MCB Camp Pendleton.

SECTION 6. FIELD SERVICE REPRESENTATIVE ACTIVITIES (TASK 5)

Five Field Service Representatives (FSRs) are assigned geographically throughout the continental United States to provide complex non-medical case management and extended support in accordance with PWS Section 6.5. Each FSR maintains a caseload averaging 25 individuals on a monthly basis and has rapid travel capability within a 350-mile radius of their area of responsibility.

The Jacksonville, NC FSR position experienced a planned vacancy of eight business days (1–12 March 2027) due to a qualifying personnel transition. The matter was reported to the Contracting Officer and COR on 1 March 2027 in accordance with PWS Section 8.2. A fully qualified replacement began

performance on 10 March 2027. During the transition window, the Orlando, FL FSR assumed priority cases from the Jacksonville caseload with COR concurrence. Full operational capability was restored by 10 March 2027.

FSR Location	Target Caseload	Active Cases	New Cases	Closed Cases	Travel Days	Notable Activities
Seattle, WA	25	26	4	3	3	Travel: VA Medical Ctr. coord
Jacksonville, NC	25	24	3	4	2	Planned transition 1-9 Mar;
Wichita, KS	25	25	5	5	4	Semi-annual training prepara
Orlando, FL	25	28	6	4	5	Temporary JAX caseload supp
Minneapolis, MN	25	23	3	5	3	Education/employment referra
TOTAL	125	126	21	21	17	

Total FSR travel during the reporting period was 17 days across all five locations, representing approximately 13.6 percent of combined available workdays. This falls within the 10-30 percent travel range specified in PWS Section 6.5.2. One emergency travel event occurred – the Orlando FSR responded to an urgent in-person support need for an RSM. The COR was notified within 24 hours in accordance with PWS Section 13.1.3. All travel expenses were documented and are submitted separately on the travel cost line item (CLIN 1005).

All FSRs maintained equipment, phones, and materials provided by the contractor in a state of operational readiness throughout the reporting period in accordance with PWS Section 6.5.3.

SECTION 7. STAFFING AND TRAINING STATUS

7.1 Staffing Status

Table 7-1 presents the staffing status across all performance locations as of the last business day of the reporting period (31 March 2027). All critical positions are filled in accordance with PWS Section 8.1. The contractor maintained the contractually required level of support at all scheduled times in accordance with PWS Section 8.

Position / Location	PWS Reference	Required	Filled	Notes
Program Manager (WVCC)	6.1.1 / 8.1.1	1	1	Critical position – no change
CCR – WVCC	6.2.3	6	6	Full staffing maintained
NMCM – WVCC	6.2.4	3	3	Full staffing maintained
CCR – Camp Lejeune	6.3.3	2	2	Full staffing maintained
NMCM – Camp Lejeune	6.3.4	1	1	Full staffing maintained
CCR – Camp Pendleton	6.4.3	2	2	Full staffing maintained

NMCM – Camp Pendleton	6.4.4	1	1	Full staffing maintained
FSR – Seattle, WA	6.5.1	1	1	Full staffing maintained
FSR – Jacksonville, NC	6.5.1	1	1	Transition 1-9 Mar; replacement onboarded 10
FSR – Wichita, KS	6.5.1	1	1	Full staffing maintained
FSR – Orlando, FL	6.5.1	1	1	Full staffing maintained
FSR – Minneapolis, MN	6.5.1	1	1	Full staffing maintained
TOTAL		21	21	100% fill rate at reporting period end

All contractor personnel maintain current Visit Authorization Letters (VAL) on file with the WWR Security Coordinator. Updated VAL reflecting the Jacksonville FSR replacement was submitted within 10 business days of personnel onboarding in accordance with PWS Section 10.3. All personnel maintain valid CAC access and current MCEN credentials.

7.2 Training Status

All contractor personnel remain current on mandatory training requirements in accordance with the WWR Training and Education Plan (Bulletin 1500, dated 20 December 2019) and PWS Section 10.4. Table 7-2 presents training completion status.

Training Requirement	Required	Compliant	Notes
HIPAA Training (JKO)	All staff	21/21	100% compliant
Privacy Act Training (MarineNet)	All staff	21/21	100% compliant
MCWIITS System Training	All staff	21/21	New JAX FSR completed within 60 days per
Anti-terrorism Awareness (DFARS 252.204-7004)	All staff	21/21	100% compliant
WWR Monthly Training Session (19 Mar 2027)	All staff	21/21	100% compliant
Cyber Security / IA (CYBERM / MarineNet)	All staff	21/21	100% compliant

SECTION 8. ISSUES, RISKS, AND CORRECTIVE ACTIONS

The following issues were identified during the reporting period. No new risks have been identified that are not already addressed below.

No.	Category	Issue	Status / Corrective Action
1	TDRL/PDRL Outreach	Three RSMs not contacted	OPEN Case 20-04-001-001 NMCM connected to phone number used; 20-04-001-001-001
2	FSR Personnel	Jacksonville, NC FSR –	CLOSED Replaced and CO (and OR 12/27) 2027 per PWS 8.2. Replacement
3	Call Log Accuracy	Three call log entries	CLOSED Substantive data entered by them or business if they did not review

SECTION 9. PLANS FOR NEXT REPORTING PERIOD

The following activities are planned for the April 2027 reporting period:

- Resolve the remaining open TDRL/PDRL outreach case (Issue No. 1) no later than 14 April 2027 and document outcome in MCWIITS.
- Complete onboarding verification for the Jacksonville FSR replacement, including confirmation of full MCEN access and all required training per PWS Section 10.4, no later than 25 April 2027.
- PM to conduct site inspection visit to MCB Camp Lejeune in coordination with the COR. Tentative date: week of 21 April 2027. Travel request to be submitted no later than 14 April 2027 per PWS Section 13.1.3.
- NMCM rotation at WWR Operations Center – [NMCM Name] scheduled for on-site rotation 14–17 April 2027 per PWS Section 6.2.4.
- Continue monitoring TDRL/PDRL contact compliance. If volume of disconnected numbers persists, contractor will propose enhanced use of contact search subscription tool and coordinate with COR on additional mitigation strategies.
- Submit April 2027 Monthly Status Report and Monthly Demographics Report no later than 14 May 2027 in accordance with the deliverables schedule.

SECTION 10. SUMMARY

During the period 01–31 March 2027, the contractor met or exceeded all performance standards with the exception of TDRL/PDRL outreach frequency, which fell marginally below the 98 percent AQL at 96.6 percent. Corrective action is underway and the remaining open case is expected to be resolved by 14 April 2027.

Call log accuracy was maintained at 98.6 percent, meeting the PWS Section 5.4 requirement. Social media monitoring compliance was 100 percent. All 21 positions were filled at period end. No mandatory reporting events occurred. Three deliverables were submitted on schedule.

Performance Area	Result	AQL / Standard
Call log accuracy	98.6%	98.0% – MEETS STANDARD
VSI outreach frequency	100%	98.0% – MEETS STANDARD
SI outreach frequency	100%	98.0% – MEETS STANDARD
IDES outreach frequency	100%	98.0% – MEETS STANDARD
TDRL/PDRL outreach frequency	96.6%	98.0% – BELOW STANDARD
Social media monitoring compliance	100%	100% – MEETS STANDARD
Social media 60-min response	100%	100% – MEETS STANDARD
Critical position fill rate	100%	95.0% – MEETS STANDARD
Deliverables submitted on time	3 of 3	100% – MEETS STANDARD
Mandatory reports filed	0	N/A – No incidents
